

2009 Local Public School Ratings

In an effort to make your move a little easier, I have compiled the ratings of our local area public schools.

These ratings are issued by the State of Texas and are the result of extensive testing. Full information about the testing program and ratings can be found at the website for the Texas Education Agency: www.tea.state.tx.us

This report has been revised to account for the Keller ISD's successful challenge, moving it to Recognized.

I hope that you find this information useful!
